

Web Dev Kazimoto Deliverables

February 2023.

Information needed:

- **Intro for Kazimoto and other projects**

Kazimoto Engineering Inc:

- **Kazimoto Engineering revolves around the concept of innovation and safety. We focus on saving and improving lives for everyone, every day. We look for flaws that risk people's safety in today's world and change it for the better using our processes and products. From the police force and private security to commuting students and teachers, we work to make everyone's lives safer and more secure. Our plan is to rid the world of all dangers, one innovation at a time. We are an engineering firm that's proactive about the problems of tomorrow.**

-

Commute Academy:

- The purpose of The Commute Academy, in short, is to make commuting students' lives easier. Instead of waiting for public transport to take you to class late, why not get a private ride with friends to get you to class on time. Better choice, better class, better time, on time.
-
- The Commute Academy is a Rideshare app where students can book their ride with other students in a vehicle that is owned and driven by a student. These students would be picked up at a select location where the student driver can drive them to and from school. The driver picks the time they are picking everyone up. The rider can also post their times.

Project: Rook:

- 110, 296, 454 are the fatalities among US Police officers, Teachers, and security officers from workplace violence and shootings either in the years of 2019-2022. These numbers now have the potential to drop by 90%. Saving many lives from fatalities and injuries. Kazimoto Engineering Inc presents you the ballistic shield of the future, PROJECT: ROOK.
- The purpose of this Project Rook is to save lives by offering extra portable protection when entering a potentially dangerous situation against a threat of multiple sorts. It can be used for being attacked by a suspect with a melee/ranged weapon to engaging a dangerous suspect without any cover, etc. Project Rook is an expandable multi-use shield and can be used by teachers, law enforcement officers, and security guards when attempting to be harmed

-

A's 4 Dayz Tutoring Inc.:

- A's 4 Dayz Tutoring Inc is a tutoring firm between grades 1 - 12 and First Year university courses. We cover all topics either in person or online. A lot of our tutors are recent graduates and recent alumni that are very familiar with and up to date with the current curriculum. Our team consists of people in or recently graduated from pre-med, engineering, or Ivey-level business programs. We tutor online through Google meets. For in-person tutoring, we come to you to be tutored to make it as hassle-free as possible! We help with all kinds of assignments, courses, assessments and etc. You get a free half-hour session to see if we are a good fit for you! Sign up with us today to get started!

-

Deliverables for 30th March 2023

1. Logos
 2. Purpose for Tutoring
 - a. Our purpose and goal at A's For Dayz Tutoring are to provide your child with a solid foundation and understanding, in their learning, and to set them up for their future and education. We do this by preparing them and strengthening their knowledge of where their doubts lie. Along with providing different learning strategies to help them down the road. This is reinforced by helping them understand complex concepts to assist them in getting the proper practice to thoroughly embed the ideology of their subject. We succeed when your child succeeds. Our purpose is for children to get A's for Days!
 3. LinkedIn
 - a. <https://www.linkedin.com/company/kazimoto-engineering/>
 4. Instagram
 - a.
 5. Contact us background page image
-

Deliverables for 6th April, 2023

1. Logos
2. Instagram
 - a. @KazimotoEng

Deliverables for 9th April 2023

1. Kazimoto Engineering Logo
2. Instagram
 - a. @KazimotoEng (<https://www.instagram.com/kazimotoeng/>)
3. FAQs - For the site, we should split the webpage into different categories identifying the different projects and tutoring service.
 - a. Where are you located?
 - i. We have a private office in Hamilton, Ontario but most of our work is done via online
 - b. What is Kazimoto Engineering?
 - i. Kazimoto Engineering is an engineering firm that specializes in creating products and services that revolve around the concept of innovation and safety. We focus on saving and improving lives for everyone, every day. We look for flaws that risk people's safety in today's world and change it for the better using our processes and products. From the police force and private security to commuting students and teachers, we work to make everyone's lives safer and more secure. Our plan is to rid the world of all dangers, one innovation at a time. We are an engineering firm that's proactive about the problems of tomorrow.
 - c. What is A's For Dayz Tutoring?
 - i. A's 4 Dayz Tutoring Inc is a tutoring firm between grades 1 - 12 and First Year university courses. We cover all topics either in person or online.
 - d. How do I sign up for a tutoring session with A's For Dayz Tutoring?
 - i. All you need to do is reach out to us either by phone number, email, and Instagram. From there we can get you set up with a free session as your first one. Contact us today.
 - ii. Phone: 647-649-9668
 - iii. Email: Info@A4DayzTutors.org
 - iv. Instagram: <https://www.instagram.com/a4daystutoring/> (@a4daystutoring)

- e. What subjects does A's For Dayz tutoring teach?
 - i. We teach all subjects from grades 1 - 12 and some first-year post-secondary school courses too! What's your location for in-person tutor sessions?
 - ii. That's the best part, instead of hassling over to our location, we come to you instead! Therefore you get tutored in your home or comfortable environment of choice.

- f. What's the process of getting started with tutoring?
 - i. These are the steps to get set up for being tutored:
 1. Step 1: You reach out to us about what subjects you want to be tutored in if you like in person or online, and your availability.
 2. Step 2: We will set you up with a tutor once we get that information.
 3. Step 3: We confirm all the information and details
 4. Step 4: We get you started within 24-48 hours.
 - ii. It's as easy as that!

- g. Is the Rook Shield available to the public?
 - i. It will be only available to schools, security, the military, and law enforcement.

- h. When will we be able to download and use Commute Academy?
 - i. We have a deadline to be able to download the app in the App Store and Google Play Store by September 2023.

- i. Who can use Commute Academy?
 - i. Commute Academy can be used by anyone that is enrolled or graduated from post-secondary education in North America.

- j. What type of armor does the Rook Shield have?
 - i. The Rook Shield can use any level of armor (ex. II,III, IIIA, IV, etc) thanks to its QCP System. Essentially the panels of the shield can be swapped in minutes to change to the armor level of your liking.

- k. Can we hire Kazimoto Engineering Inc?
 - i. Yes, you can for all your innovation and engineering needs. Please contact us at Info@kazimotoengineering.com for more details.

- l. How big is Kazimoto Engineering Inc?
 - i. We currently have a staff of 15+ people!

- m. Are you hiring?
 - i. We are always looking to hire and have more people join our firm. If you are interested, please send your resume and cover letter to Info@kazimotoengineering.com . We look forward to hearing from you!
